Where a reference is made to "retail value", it will be understood as being the retail value of the Vehicle at the time of the claim, taking into account the mileage and condition adjustments as recommended in Glasses Guide. You must ensure all warning lights and gauges are operating correctly at all times. No liability is accepted for drive on damage of any claim. i.e. should a low oil pressure warning light become illuminated for example, and the policy holder chooses to 'drive on' and ignore this warning light, then any subsequent resulting engine damage would not be covered by this Extended Warranty.

## SERVICING REQUIREMENTS

Your Extended Warranty insurance should help You to keep Your Vehicle in good working order. It's not surprising therefore to learn that You must have Your Vehicle regularly serviced in line with manufacturer's recommendations by either the supplying dealer or a VAT registered Garage.

### YOU MUST ENSURE THAT:

- Your Vehicle is serviced within 28 days or 500 Km (whichever happens first) from the time or mileage stipulated by the manufacturer.
- You keep all service invoices and receipts.
- The service details are recorded in Your manufacturer service record book.
- The service details are recorded in the Service Records section at the back of this policy booklet.

### TIMING BELTS: IMPORTANT NOTICE.

In the event of a claim relating to timing belt/s failure, We will require proof that the belt has been changed in accordance with the manufacturer's specification. If You are in any doubt CHANGE THE BELT/S. Belt failure will cause extensive engine damage. We cannot accept liability for any timing belt failure unless accompanied by the relevant proof, and the only acceptable proof is a bona fide garage invoice. If no proof is available the claim will be rejected.

**PLEASE NOTE:** Failure to comply with the Servicing Requirement conditions may result in the termination of Your insurance, or the rejection of a claim.

### SERVICING RECORDS

Important: It is vital that You retain all original VAT service invoices for Your own protection and in case We require to inspect them. Remember, the only proof that servicing has been carried out will be the fully detailed original VAT service invoices, indicating dates and mileages when services have been carried out.
